- 6. Knots and Lashings**

Awards

Highest total score for both Boy Scouts and Webelos in Klondike

Fastest Sled Race for Boy Scouts and Webelos

Most Impressive Teamwork for Boy Scout or Webelos

You must be present for awards

What You Need to Know

1. This is an outdoors event -- you must dress appropriately for winter
2. No sneakers will be allowed to participate in the Klondike
3. No change of clothing before the Klondike race -- you must wear what you have been wearing all day
4. You must have a day pack on the sled for each member of your patrol: extra clothing, socks, gloves, hat, Water
5. **Each patrol will consist of a minimum of 4 Scouts to a max of 8**
6. **Each patrol will bring their own hot lunch. No cold lunches! A cold lunch will slow down a Scout's digestion and activity level.**
7. **No Fires will be aloud in the parking lots.**.. there are plenty of spots in camp to build fires please used them.. anyone caught building a fire in the parking lot will be disqualified
8. **All Patrols will follow the Leave No Trace policy**
9. All patrols will have at least 3 copies of their roster with them to start the Klondike (see last page)
10. All Scouts will have Honesty, Kindness, and Scouting Spirit with them
11. **Tie Breaker will be broken by Sled race time**

12. **All troops will supply one adult leader to help staff the Klondike. Because we have so many Scouts participating, we'll need extra staff at every event to keep things moving and to avoid back up at events.**
13. **All events will begin at 8:30 AM and end at 3:00 PM. It is important that you manage your time to follow your schedule and get through all events.**
14. **Registrations will begin at 8:00 AM**

Finally: Have fun together, and enjoy your Klondike!

Sled Inspections

The sled inspection is to ensure that you have all the equipment needed to participate in the Klondike and to make sure you are properly dressed. No one who is not properly dressed for being outdoors will be allowed to participate in the Klondike. This includes footwear: **NO SNEAKERS!**

Scoring for Stations

Each Station will carry a maximum score of 20 points and will be totaled together for a maximum score of 121 points. The first 3 places will receive trophies for both Boy Scouts and Webelos. **BUT** you must be present to receive a trophy. For a change fire building will have a one (1) bonus for an additional skill fire without a match

Sled Race

The Sled Race is a timed event, around a preset course. The idea is for the team to work together. So rules are:

1. Teams must have everyone on roster involved in the race,, teams with less members will add 3 seconds to their time per member missing.
2. If a team start together they must stay together,, any team that loses a member during the race will also have 3 seconds added to their time.
3. No tying a member to sled to keep him in contact with sled, plus 5 sec
4. No lightening up a sled by taking equipment or bags off the sled, plus 5 sec
5. Lastly... all member must be in contact of sled during the race

KLONDIKE DERBY

Fire Building – Cooking 2020

Description and objective:

Your patrol has been out collecting firewood (it is now in your 5-gal. bucket). It is cold and getting colder. The members of your patrol are cold and getting much colder very quickly. You realize that you are far from your camp. You need to warm your patrol members up as **quickly** as possible and give them food. That means building a fire.

Prepare the wood for a fire using a hatchet (boy scouts) and pocketknife (webelos and boy scouts). Firestarters must be from natural materials. Build and light the fire quickly. Prepare the ingredients to make three slices French Toast in order to feed the members of your patrol. When the French Toast is ready to eat the cooking objective is met. Extinguish fire.

Objective of the event is met when 3 slices of French Toast are properly cooked and fire is put out.

Patrols must bring: Fire Building Equipment List 2020

Equipment list should include the following:

- One 5-gallon (nominal size – such as “joint compound”) bucket per patrol, filled with natural wood cut to length to not extend above top of 5-gal. bucket. “Natural wood” is defined as wood the way it came from the tree – either with bark intact or the natural round below the bark. Lumber (i.e. 2x4, 1x2, etc.) and other wood products that have had manufacturing operations applied are NOT natural wood. **Wood may NOT be pre-split except for Webelos Scouts.** WOOD MUST BE A KIND FOUND IN A TYPICAL SCOUT CAMP IN NEW JERSEY!!!!!!
- Webelos Scouts: Wood may be pre-split or adults may use hand axe during competition.
- BONUS POINT IF YOU START THE FIRE WITH FLINT & STEEL OR FERRO ROD
- Firestarters must be natural materials that would be found in the woods of New Jersey (No dryer lint, steel wool, wax coated items etc.)
- No FATWOOD
- Ingredients to make 3 slices of French Toast
- French Toast should not be burnt, so decide what you want to bring to prevent this problem

Klondike Equipment List

Boy Scout Handbook

1 Pocket knife per scout

Whistle

Stop watch

Sleeping bag (3 or 4 season)

3- (3-foot pieces of rope)

Matches, flint & steel or Ferro rod
