

**NORTHERN NEW JERSEY COUNCIL, BOY SCOUTS OF AMERICA
ANNUAL HEALTHCARE AND STEM AWARDS DINNER HONOREES**

2023 Distinguished Honoree

Gary D. St. Hilaire

President & Chief Executive Officer

Horizon Blue Cross Blue Shield of New Jersey

Gary D. St. Hilaire is President and CEO of Horizon Blue Cross Blue Shield of New Jersey, the region's leading health solutions company. He has over 30 years of experience as a health care executive, entrepreneur, and financial leader with experience in strategy, start-up operations, and business turnarounds.

Prior to joining Horizon, he led the transformation of Capital Blue Cross into a nationally diversified family of companies, stressing the importance of leadership and corporate citizenship while driving innovation with patient-focused care models, growth in ancillary services, and leading-edge data analytics. In addition to his role as president and CEO of Horizon, Gary serves on the boards of directors of the Blue Cross Blue Shield Association and of America's Health Insurance Plans (AHIP). He also serves on the board of Directors of BCS Financial, Choose New Jersey, Ernest Health, the National Institute for Health Care Management (NIHCM) Foundation, and

the New Jersey Performing Arts Center.

He has always been active in the communities in which he lives, having served and been in leadership positions on the boards of several non-profit organizations. His service as chair of his local United Way's Annual Campaign and the American Heart Association's Heart Walk are just two examples of many charities to whom he has been dedicated. In 2019, he was honored by the Central Pennsylvania JDRF for his community and philanthropic leadership, and together with his wife Sylvie, was recognized by their local United Way as Humanitarians of the Year. He and his wife are also the proud parents of six children.

2023 Healthcare Honorees

Dr. Jeffrey Boscamp

President & Dean, MD

Hackensack Meridian School of Medicine

Jeffrey Boscamp, M.D., is president and dean of the Hackensack Meridian School of Medicine. Dr. Boscamp has been a clinician and leader in what has become Hackensack Meridian Health since 1987. He has been integrally involved with the founding of the school since the concept of starting a new medical school was first discussed more than a decade ago.

A longstanding and highly regarded leader at Hackensack University Medical Center, he also serves as a member of the Hackensack Meridian Health Board of Trustees Academics Committee.

Prior to these positions, Dr. Boscamp held the Marvin I. Gottlieb, M.D., Ph.D., Endowed Chair of Pediatrics at the Joseph M. Sanzari Children's Hospital for 14 years. He founded the Section of Pediatric Infectious Diseases and the Steven Bader Immunological Institute at Hackensack University Medical Center, is a frequent continuing medical education speaker, and has received numerous teaching awards.

Dr. Boscamp graduated from Williams College and New York Medical College. He was a resident in pediatrics at Babies Hospital-Columbia Presbyterian Medical Center and in internal medicine at Greenwich Hospital, Yale University School of Medicine. He completed a fellowship in adult and pediatric infectious diseases at the Albert Einstein College of Medicine in the Bronx.

In addition, Dr. Boscamp was Chairman of the NJ Chapter, American Academy of Pediatrics, Committee on Infectious Diseases and a member of the executive committee of that organization. He was appointed by the Governor as a member of the Catastrophic Illness in Children Relief Fund Commission. He is a fellow of the AAP and the Pediatric Infectious Diseases Society and a member of the Infectious Diseases Society of America, the Infectious Diseases Society of New Jersey, and the American Society for Microbiology. Dr. Boscamp is board-certified in Pediatric Infectious Diseases, is a member of Alpha Omega Alpha, and has received numerous professional awards in recognition of his teaching and clinical skills.

Dr. Donald Chervenak, MD, FACOG

*Founder of Florham Park OB/GYN,
Cooperman Barnabas Medical Center – RWJBarnabas Health*

Dr. Donald Chervenak is the founder of Florham Park OB/GYN and has delivered over four thousand babies. He has served as Clinical Chief of OB/GYN at Cooperman Barnabas Hospital, Livingston and is a Clinical Associate Professor, Department of OB/GYN of Rutgers New Jersey Medical School. Chervenak obtained his medical degree, and a double major B.A. in Medical Science and Psychology from the accelerated medical program at Boston University. He is President of the New Jersey OB/GYN Society, Morris County Medical Society, and a Trustee of the Medical Society of New Jersey. He is a Fellow of the American Congress of Obstetrics. He founded the Boston University Primary Care Society. He established the first Political

Action Committee for OB/GYN in N.J. He has served as chairman of the medical committees of Planned Parenthood of Greater Northern New Jersey for over twenty-five years.

He helped oversee the daily operation of ten clinics and the healthcare of over 30,000 women per year. He chaired the creation of the largest unaffiliated malpractice group in New Jersey (PHCA). Working with M.D. Advantage and creating risk protocols, health insurance became more affordable for providers. Chervenak chaired the New Jersey Medical Society Task Force reinforcing the need for annual mammography for women between the ages of forty and fifty and help establish the Humanism Award for the same society.

Dr. Michael D. Delisi, MD, FAAFP, DABFM CAQ(G)

*Retired Chairman & Program Director
Family Medicine, St. Joseph's Health
Associated Clinical Professor, Rowan School of Osteopathic Medicine*

Dr. Michael DeLisi, MD, DABFM, FAAFP, CAQ (G), is the Retired Chairman and Program Director of Family Medicine and St. Joseph's Health and an Associate Clinical Professor for Rowan School of Osteopathic Medicine. With over 40 years of experience in the medical field, Dr. DeLisi served Passaic County for 20 years after coming to Saint Joseph's in January 2003 as acting Chairman of Family Medicine. Through his dedication and hard work, he helped educate hundreds of medical students and dozens of residents who are now board-certified family physicians caring for thousands of patients across Northern New Jersey and around the country.

Prior to coming to St. Joseph's Health, he was the executive director of Medical Services at St. Clare's Hospital. He also practiced medicine at Family Practice Associates at Power Mill, P.A. He is a proud veteran who served his country as a medical officer and emergency room staff physician in the Navy.

Dr. DeLisi earned his bachelor's degree from Rutgers University in New Brunswick, his medical degree from Universidad Autonoma de Guadalajara in Mexico. He is licensed to practice medicine in New Jersey,

New York, Maryland and Florida. He has been honored numerous times for his work, most recently named as one of the top doctors in Essex County and New Jersey.

Dr. DeLisi is also the proud grandfather of two, proud father of three accomplished girls, and a devoted husband to his wife of 42 years.

Dr. Bruno Molino, MD, FACS

Chief of Trauma/Acute Care Surgery

Jersey City Medical Center – RWJBarnabas Health

Director of the state's regional Level II Trauma Center in Hudson County, Dr. Bruno Molino and his team of trained and committed surgeons provide 24-hour trauma and emergency surgery care for adults and children in the community with severe illnesses and injuries.

Since joining Jersey City Medical Center in 2006, Dr. Molino has worked to expand the team and services, which include not only trauma and acute care surgery but also surgical critical care and injury prevention. A violence intervention program introduced in 2018 has helped drastically reduce the rate of return and provide intensive support and advocacy to patients returning to the community.

Dr. Molino is passionate about the education of surgical residents and medical students to ensure excellent care and positive health outcomes for patients into the future. He also trains health professionals at all levels on trauma care. Dr. Molino is a certified Advanced Trauma Life Support instructor.

Dr. Molino has contributed to various medical journal articles and scientific abstracts and has been invited to lecture on topics related to his trauma surgery specialty. Dr. Molino attended UMDNJ-Robert Wood Johnson Medical School, went on to complete surgical residency training at Robert Wood Johnson University Hospital and a fellowship in trauma and surgical critical care at the Hospital of the University of Pennsylvania.

David A. Halsey, M.D.

Chief Clinical Officer

Turning Point Healthcare Solutions

A native of New Jersey growing up in Monmouth County, the very beginning of my career in medicine started when I joined the Boy Scouts Explorer Post in Rumson, New Jersey. Through my relationship with Exploring/Scouting I learned the personal value and fulfillment that comes from volunteering in your community. I quickly progressed through First responder and Emergency Medical Technician training achieving National EMT Registry status as the nation's youngest EMT at the time (1977).

During semesters at Deerfield and Middlebury, I worked as a paramedic for the USPS at Gateway National Recreation Area on Sandy Hook and returned to Exploring as a mentor in the First Responder Unit.

After completion of my medical school training at the University of Medicine and Dentistry - Rutgers in 1985 and Orthopaedic Residency at the University of Vermont - Fletcher Allen Hospital in 1990, a 30 year orthopaedic career in Private and Academic practice followed.

My passion for volunteering started with Exploring and continued with the National Ski Patrol System serving as the North Region Medical Director. I was honored to be recognized as the Teacher of the Year twice at the UVM College of Medicine Department of Orthopaedics and as the Vermont Physician of the Year in 2016.

After 12 years of volunteer service on the Board of Directors for the American Academy of Orthopaedic Surgeons (AAOS) and as Chair of the Council on Advocacy was given the privilege of serving as the President of the American Academy of Orthopaedic Surgeons. in 2018-2019.

I am an instrument-rated pilot, an avid salt-water fisherman, an U.S.C.G. 20 ton Near Shore Captain, active volunteer with the United States Coast Guard Auxiliary, Flotilla 11-9 and a USAPA/PPR pickleball teaching professional.

My wife, Katie Doremus Halsey is a personal trainer with a focus on nutrition and sports specific training. We live, work and play year-round in Edgartown on Martha's Vineyard. Together, we have two wonderful adult children, Stephen Thomas Halsey (UVM College of Medicine, Class of 2025) and Kristen Ueland Halsey (Boston University School of Medicine – Physician Assistant Program 2017) who I am fortunate enough to work alongside in the Martha's Vineyard Department of Orthopedics.
